Cuba is also complaining of a scarcity of labor, and wants to induce immigration. The next sugar crop will be very large, and the present labor supply is insufficient to handle it.

Alla Nazimoya, a Russian actress, is to give a series of matinees at the Princess theatre, New York. The millionaire "Johnnies" will probably have to engage an interpreter.

One of the latest fads is cravenette shoes for ladies, shapely and waterproof (the shoes.) Boston is introducing this style of footwear and North Carolina beauties will not let Boston girls get ahead of them in style.

The Washington Post says: " A nebraska Democrat gets a wife as the result of an election bet." It is certainly strange what risks some men take in backing their judgment on the results of an election.

A woman's magazine has very thoughtlessly asked the question, "Should married men have religion?" Such questions as that give some people the opportunity to butt in and say if any body needs it a married man does.

The advance in the price of silver is worrying the silver money countries like Peru. The sol, a silver coin of Peru, has so increased in value that they are being exported to Europe, but the government has taken steps to prevent the movement to strip the country of its coin.

The Washington administration is now going to get busy in beginning prosecutions for violations of the eight hour law. Lawyer O. J. Carlton, of Boston, is a special appointee of Attorney General Moody to take charge of the cases, of which there are about 300 in sight.

It is considered a novelty of psychology that a man at Rochester, N. Y. imagines that he is another man and had assumed his name. We heard by take any note of the fact that many a man imagines that he is a Solomon, but doesn't assume the name.

When a fellow is not satisfied with the dominant party he would like to see a strong minority party in the field When he is satisfied with the party that is running things he can see no reason why there should be any minority party at all. We need no minority party in North Carolina. It is not decent enough to subject North Carolina to the peril of its winning. It always heightens our opinion of North Carolina when they go to the polls and snow under a so-called Republican party that has always disgraced their State and has nothing in common with her sons who love the North State.

TRIED FOR HIS LIFE

Victim of Fight at Compress Two Weeks Ago Dead at Florence, S. C.

JOE MURPHY IN JAIL HERE

Privilege of Bond Withdrawn and Young Negro Will Face Capital Charge—Notice of Death Received by Justice Borneman.

Murder or manslaughter will doubtless be the charge against the young negro Joe Murphy, who was jailed last Monday two weeks ago on a charge of having assaulted Ellis Benjamin, colored, at the Champion Compress in this city. Justice Bornemann before whom the warrant for Murphy was sworn out, was advised by letter yesterday that Benjamin had died on Monday morning at his home in Florence, S. C., to which he was taken on October 31st, from the James Walker Memorial Hospital here. In the absence of further advices from Florence and upon the insistence of his counsel, William J. Bellamy, Esq., Murphy was given a preliminary trial before Justice Bornemann Tuesday afternoon and was admitted to $200 bond. He was preparing to give this bond when the letter came stating that he died. Justice Bornemann at once revoked his order allowing bond and the negro is now held without bail for the term of Superior Court convening in Wilmington on January 21st. Justice Bornemann has written to the proper authorities at Florence, S. C., asking for proof of death in official form and the same will be transmitted with the papers to the Superior Court.

The letter yesterday conveying the information of the negro's death came from Charles Wesley, a brother-in-law of the deceased, who stated that he inclosed the death certificate from the Health office in Florence, but neglected to do so. It will be recalled that the Murphy boy, his brother, Chas. Murphy, and Ellis Benjamin had a fight on the river side of the compress over a game of crap that thew were having on the sly. In the fight, Benjamin alleged before he died that Joe Murphy struck him with a bar of iron and the wounds of the man at the hospital indicated a very murderous assault. For a while one side of the negro was paralyzed but he seemed to improve some and was taken to his former home at Florence, where he grew worse and remained in a stupor until he died. Charles Murphy was given a preliminary trial and was discharged soon after the affray, all the witnesses testified that he had had nothing to do with the assault on Benjamin. Even at the preliminary trial of Joe Murphy not one witness would swear that Joe Murphy struck Benjamin with anything more than his fist and the trial justice took occasion to severely repremand the whole array for lying, telling them that it was an ugly characteristic of the criminal of their color that when one of their race was guilty of a violation of the law, it was exceedingly difficult to get one of them to testify against him.

William J. Bellamy, Esq., has been retained to defend Joe Murphy and expresses confidence in his case for the defence.

Vaudeville Theater on Market Street.

The store at No. 122 Market street has been rented by Mr. James Howard and it will be fitted up as a continuous theatre where moving pictures, illustrated songs and the like will be presented for the small admission of five cents. Such places of amusement are very common in the larger cities and at summer resorts North, but have never been tried in Wilmington before. The place will be fittel up handsomely and will be open both day and night. There will be a change of bill weekly and only the cleanest and best in the vaudeville lines will be offered.

—The next attraction at the Academy will be Miss Florence Davis, who is pleasantly remembered here from last season, and she will again be seen in "The Player Maid." This attraction will be offered at matinee and night next Monday.

MANY FOR CLARKTON

Pythian District Meeting There Tonight Promises to be Unusually Well Attended—Special Train From Wilmington to Run.

All arrangements are complete for the big district convention of Pythians at Clarkton tonight. If the weather is favorable upwards of two hundred Knights will leave this evening at 6 o'clock on the special train over the Seaboard Air Line, all arrangements for which have been completed by District Deputy John F. Littleton. The party from this city will consist of members of the four Wilmington lodges and not a few from the Southport, Whiteville and Chadbourn lodges who will come to Wilmington to join the delegation here. Each Pythian will be privileged to take a friend and the fare for the round trip will be only $1. The train will be held at Clarkton at the convenience of the party. The district meetings of the Pythians are always highly successful affairs, but the Clarkton affair promises to be especially pleasurable for all who attend.

The programme of the meeting has been published in these columns. The address of welcome will be by Hon. George H. Currie, of Clarkton, and the response by Rev. W. D. Sasser, of Southport. Some of the set speeches will be as follows: "The Ideal Pythian," by Col. Walker Taylor, of Wilmington; "How to Increase Lodge Attendance," A. Gonsor, of Chadbourn; "Pleasures and Attractions of Pythianism," E. E. Croom, of Clarkton; "How to Keep the Standard of Pythianism High," Past Grand Chancellor Wm. F. Robertson, of Wilmington. The closing feature will be an address by Grand Chancellor W. W. Wilson, of Raleigh, who will be introduced by Homer L. Lyon, Esq., of the Whiteville lodge.

The social feature will be made prominent and the Clarkton lodge will serve an elegant spread of refreshments in honor of the visitors. The party will return from Clarkton in the early hours of the morning following the meeting.

VERY MUCH OVERDRAWN.

Arrest of Former Policeman M. E. Guy at Vanceboro, N. C.

In regard to the story printed in the Raleigh correspondence of the Star yesterday morning with reference to the arrest of former policeman M. E. Guy, of this city, a telephone message was received from Newbern last night stating that the charge against Mr. Guy was nothing serious and that in court he will be able to establish his innocence of any wrong-doing. The telephone message was from Mr. G. Cleve, mayor of Vanceboro, Mr. Leon George, of this city who is in Newbern to be of any assistance, and from Mr. Guy, himself. The Newbern Journal of yesterday says that while the technical charge is abduction, there are features in the case strongly in favor of the defendant. Mr. Guy has employed R. B. Nixon, Esq., of Newbern, to represent him in the matter.

AN INTERESTING EXHIBIT

Buzz Saw Used in Demonstration of Regal Shoes.

In the Regal Shoe display window of the store of Mr. A. Shrier there is an interesting exhibition in progress from 10 to 11 o'clock and from 1 to 2 o'clock in the afternoon of the leather which goes into this famous make of standard footwear. A regular buzz saw has been rigged up to an electric motor in the window and between the hours named Mr. Joe Middleton, manager of the Regal Shoe department at the store, takes whole pairs of shoes and runs them through the saw from end to end to show the material of which the goods are made. These shoes are mainly misfits in regular sizes and not offered for sale. They are allowed by the manufacturers of the famous shoes for demonstration purposes.

BANKRUPTCY FUNDS.

Order as to Depositories in This State.

Judge Purnell, of the United States Court, has just made an important order as to the depositories in the State for the funds of the bankruptcy divison. All orders and appointments heretofore made are rescinded, a great many of the banks failing to make proper quarterly returns, and the following are now designated: Murchison National, of Wilmington; Citizens National of Raleigh; First National, of Elizabeth City; National Bank of Newbern and the Bank of Tarboro. All other depositories are discontinued and referees in bankruptcy, are instructed to notify trustees of estates that all deposits must be made with the banks above designated.

IN BLUE AND WHITE

Miss Jeanie S. Peck and Mr. George P. James Married Yesterdny Evening.

FIRST PRESBYTERIAN CHURCH

Beautiful Service United Prominent Young People of Wilmington—Reception at Home of Bride—Extended Tour.

A marriage of no greater social interest nor prettier in its every feature has been celebrated in the First Presbyterian church of this city than that of Miss Jeanie Savage Peck and Mr. George Parpatharkies James, which was solemnized there at six o'clock yesterday evening in the midst of a large assemblage of admiring friends and relatives, the Rev. J. M. Wells, D. D., pastor of the congregation, officiating. The decorations of the church, according to a well executed color scheme of blue and white, were pretty indeed and lent a charm to the service that was irresistible. White chrysanthemums tied with blue ribbon, banks of stately palms with smilax and other native evergreens about the altar, softly lighted over all from numerous wax tapers, contributed to the beautiful general effect, an environment wholly in keeping with the event fraught with so much interest to the host of friends of the bride and groom.

Miss Belle Anderson, as organist, played a number of selections as the guests were being seated and promptly at the hour appointed for the service, the bridal chorus from Lohengrin heralded the approach of the wedding party, entry being down the center aisle. First were the ribbon girls, Misses Lucy Murchison and Emily Polk Davis, gowned in accordeon plaited blue silk, immediately followed by Messrs. O. A. Wiggins and George Davis, groomsmen, who in turn were followed by the first bridesmaid, Miss Elliott Emerson, in a becoming gown of white crepe de chine over white taffeta. Next came Messrs. Chas. F. Green, William M. Peck, and William C. Crow, groomsmen, immediately preceding Miss Elizabeth P. Peck and Miss Meta LeGrand, who were white crepe de chine over taffeta. Next were Messrs. Frank S. Perry, of Washington, D. C.; C. McD. Davis, and Thos. C. White, groomsmen, followed by the dame of honor, Mrs. James M. Stevenson who was gowned in light blue radium, accordeon plaited. Then came the bride on the arm of her brother, Mr. Oscar P. Peck, she being joined at the altar by the groom, who entered with his best man, his brother, Mr. Robert C. James, from the vestibule on the south side of the church.

The coup.e took position under a wedding bell of white chrysanthemums which had been used by Mr. and Mrs. Oscar G. Parsley, grandparents of the bride at the celebration of the anniversary of their golden wedding in 1881. since which time all marriages of descendants of the Parsleys have taken place similarly. While the beautiful service that made the young people man and wife was being said by Dr. Wells, the organist, Miss Anderson, accompanied by Mrs. Cameron F. MacRae, violinist, softly played Schubert's serenade. The effect was charming indeed and no more impressive ceremony has ever been performed in the church. The exit from the church was to Mendelssohn's Wedding March.

For the wedding the bride's costume was a lovely Empire gown of white radium, her veil being caught with a spray of beautiful pearls. She carried a lovely shower bouquet of bride's roses, Lilies of the Valley and maiden hair fern, caught with white gause ribbon.

The gentlemen of the wedding party wore the conventional evening dress with boutonieres of bride's roses and sprig of maiden hair fern.

After the wedding a small reception of the wedding party was given at the home of the bride's mother, Mrs. Elizabeth P. Peck, No. 311 South Third street. The decoration of the residence for the reception were very pretty indeed and included a wedding bell which had been used at the golden wedding of the groom's grandparents, Mr. and Mrs. John S. James, in 1885, and more recently at the silver wedding of Col. and Mrs. Thos. C. James, this being suspended from the door connecting the parlors of the home.

The bridal party was very handsomely entertained by Mr. and Mrs. Thos. W. Davis, at the home of Mrs. Peck on Tuesday evening after the rehearsal at the church.

Mr. and Mrs. James are among the most prominent young people in Wilmington society, although the groom has made his home in Washington, D. C., for the past year or more, where he is traveling passenger agent for the Atlantic Coast Line Railroad Company. The bride is a daughter of the late George A. Peck, of Wilmington, and of Mrs. Elizabeth Peck, of this city. She is much admired in a wide circle of friends not only in Wilmington, but in the State. Mr. James is a son of the late John C. and of Mrs. Sarah S. James, of Wilmington, and was born and reared in this city. He is held in the very highest esteem by all who enjoy his acquaintance. A large number of very handsome wedding gifts were received by the bride, many of them coming from friends at a distance.

Mr. and Mrs. James left on the north bound A. C. L. train yesterday evening changing cars at Wilson, N. C., for the West India Limited for a trip through Florida and Cuba. After two weeks they will go by ocean steamship to New York and thence to Washington, D. C., where they will reside in the future. They carry with them to their new home the very best wishes of a great many friends.

NEWS FROM RALEIGH

Constitutionality of States' Anti-Bucket Shop Law—Decision With Reference to Railroad Taxation in Stokes.

(Special Star Correspondence.)

Raleigh, N.C., Nov. 14.—Attorney General R. D. Gilmer and Walter Clark, Jr., have gone to Washington, where Gen. Gilmer will argue on the part of the State the constiutionality of North Carolina's anti-bucket shop law passed by the last Legislature. An appeal in this case is now pending before the United States Supreme Court. The appeal is in State vs. Gatewood from Person county, in which the defendant sued on a writ of error on the part of the State Supreme Court. Ex-Judge R. W. Winston and V. S. Bryant of Durham, are counsel for those who are testing the constitutionality of the legislation which two years ago put out of business bucket shops throughout the State.

A case of more than usual interest just decided by the Supreme Court is Jones vs The Commissioners of Stokes county, which has the effect of sustaining the obligation of the county commissioners to observe the provisions of an act of the last Legislature to set apart the taxes paid in certain townships of the county on the property of the old Cape Fear and Yawkin Valley railroad for public road improvement in those townships until the $10,000 is refunded that the township originally subscribed for the securing of this road through the township. The court holds that there is no constitutional requirement that taxes shall be the same in all parts of the county.

Josie Brickhouse, the young woman from Mackey's Ferry, who was convicted with Samuel Burton, a Seaboard Air Line engineer here yesterday for living together as man and wife when there had been no marriage ceremony and Burton already had a wife in Norfolk, was sent to Richmond this morning to the home of her uncle by a number of people engaged in rescue work here. Her fine of $10 was remitted. Burton paid $150 fine. The woman claims to have been deceived by Burton in that he induced her to leave her home with him on the pretext of running away to get married.

Boys' Brigade School at Night.

The night school at the Boys' Brigade armory is succeeding nicely and there are now 21 pupils receiving instruction from Mr. Wingate Underhill, the principal. In the future the scshool will meet on Tuesday and Friday nights at 8 o'clock instead of Wednesday and Fridays as heretofore. The following changes have also been made in the gymnasium work: Men's gymnasium class on Wednesday night at 7:30 o'clock, led by Mr. Wilbur Dosher and on Saturday night at 8:30 led by Mr. Albert Dosher; the working boy's classes will be led by Mr. Young on Wednesday night at 9 o'clock and on Saturday night at 7:30 o'clock.

To Wed Next Wednesday Night.

Friends in Wilmington and elsewhere have received handsomely engraved invitations bearing the following announcement: "Mr. and Mrs. C. C. Parker request the honor of your presence at the marriage of their daughter, Lillie, to Mr. J. H. Curtis, Wednesday evening, November twenty-first, nineteen hundred and six at nine o'clock, 520 Wooster street, Wilmington, North Carolina." Both are popular young people of this city and have many friends who will be interested in the announcement of their approaching wedding.

AFTER WILL HARRIS

Whole Community Looking For Desperate Negro Around Asheville in This State

TALk OF LYNCHING HIM

Another Victim Added to Death List—Dangerous Character Who For Months Terrorized Mecklenburg County—Old Reward For Him.

(By Associated Press.)

Asheville, N. C., Nov. 14.—Reports received here this evening from Alexander, 10 miles distant that a negro filling the description of William Harris, the negro desparado who shot and killed two policemen and three negroes and wounded Police Captain Page, in this city last night, had been captured led to the sending of a large posse to that place with the intention of bringing him back. Later it developed that he had been seen in the vicinity. A second large posse was sent to the scene on a special train, other volunteers going on horseback.

The city and vicinity is being patrolled by armed squads who keep a sharp lookout for the murderer. Considerable lynching talk is being indulged in. The sheriff announces his intention of taking the man across the Tennessee line if possible in the event of his arrest.

At midnight a report that the negro Harris was in bay at the Vanderbilt estate at Biltmore, reached the city. A special trolley car filled with police officers and armed citizens immediately left for Biltmore.

Mayor Barnard offered a reward of $500 for the capture of Harris and this amount was quickly increased to $1,200 by private subscriptions. The list of Harris' victims was increased one to-day when the body of "Jocko" Williams, a familiar negro character was found dead on Valley street with a bullet hole in his head.

Will Harris is a Mecklenberg negro and was serving a term on the chain gang of that county for highway robbery, when he male his first difficult escape. He had committed a deadly assault upon an old negro in Charlotte, because the old fellow refused to surrender a jug of whiskey. After his escape from the gang he was the terror of the county for months and was often hunted, but the always evaded the officers, being assisted in his flights by the negroes who were so afraid of him that they would refuse him nothing.

Finally he left the county and was captured in the North. He was put on the gang again. Later he was recaptured and this time was sent to the State prison at Raleigh where he spent a few weeks before bidding the prison officials good-bye. Since that time it has been reported that he was in many sections and two or three times that he was captured, but he has managed to steer clear of all prisons and chain gangs notwithstanding

He is regarded as the most desperate negro in the State. He has been outlawed by Gov. Glenn and there was a reward of $500 for his capture dead or alive before his murderous rampage at Asheville.

The Mayor's Court Yesterday.

There were a dozen or more penitents before the mayor yesterday, none of the cases, however, being of importance. C. Hanson, a sailor from the schooner Nimbus, who went on board Monday night after the circus and threatened to exterminate the crew, was given 30 days for an assault and was fined $10 and costs for being drunk and disorderly. A white man named Abe Stalgen, charged with an assault on a man from the country named Teachey, was bound to the higher court under bond of $50 and was given an additional sentence of 30 days on the roads for resisting an officer.

To Build New Home.

The Ladies' Benevolent Society of the city, which has under its especial care the Catherine Kennedy Home, at Ninth and Princess streets, was yesterday granted a permit to build a two-story, tin-roof, eight-room dwelling to cost $2,450 on Ninth street, between Princess and Chestnut. The contractor is J. P. Giddings and it is presumed that work will be undertaken at once.

Struck in Eye With Buckshot.

Mr. S. C. Winner, the watchmaker, while walking on Market street between Front and Second, early yesterday afternoon was struck in the eye by a buck shot which he thinks was thrown by some boys across the street with a rubber sling. The wound is very painful to Mr. Winner, but it is not thought that the sight of the eye will be impaired.

THE COTTON SPINNING OUTLOOK.

An esteemed friend whose marked success in business affairs, and especially in the management of large cottton mill interests, is widely known has asked The Star to name the mills which are making such profits as 40, 60 and 70 per cent on their invested capital.

The Star is informed on good authority that many of the New England mills have made 40 per cent and over during the past 12 months, and that prosperity in milling industries still prevails. This information comes from a gentleman in Boston who is treasurer of large spinning mills. Another source of information is from New Hampshire that a mill of a million dollars capital in that State, started a little over a year ago and cleared 40 per cent. the first year.

There are Southern mills doing as well, perhaps, but as our friend remarks, some are not doing well. This may be a fault of the management or of a local scarcity of operatives; or it may be, that the pernicious practice of speculation in futures has defeated the reasonable expectations of legitimate profits. It was only a few days ago that we published an article that a mill at Lumerton, N. C., paid its operating expenses and earned its entire capital stock within three years.

As a matter of fact the New England mills have been handicapped to the extent of 20 per cent. by lack of hands and they have averaged only 80 per cent of their capacity in consequence thereof.

With respect to the wonderful success of the foreign mills, The Star emphasizes its previous record by the following letter which we are permitted to copy from a reputable cotton firm in Liverpool, received on yesterday. The writers of this letter reported some months ago that a mill in Manchester was making profits at the rate of 73 per cent per annum.

"As the season progresses attention is paid to the crop estimates coming from your side; the the general expectation here Hons.

"The recent decline does not seems to be about 12 to 12 1-2 mil- effect on industrial activity.

"A friend writes from Germany that the majority of spinners in his district have sold their production until Autumn 1907, that yarns are scarce and good prices being paid. We hear of the same of Switzerland.

"Throughout the whole of Europe trade seems to be in a very healthy condition.

"And the same may be said of Manchester. The president of the Chamber of Commerce there pointed out the other day that 16 mills spinning Egyptian cotton (1 1-2 mill. spindles) and 14 mills spinning American (1 1-4 mill spindles) had recently commenced work; that 11 mills spinning American or Egyptian (900,000 spindles, were partially working, and that no less than 37 new mills with more than 3,000,000 spindles were in course of construction, making a total increase of nearly 6 1-2 million spindles, compared with this date a year ago.

"The president also mentioned that cloth exports for the past nine months have reached the yards, an increase of 145 million enormous total of 4,748 million yards over the corresponding nine months of last year, and last year already showed an increase of 550 million yards over the year before.

"This would indicate a condition of remarkable prosperity, and the need of a full supply of raw material.

"Egyptian cotton has followed American this week in its fluctuations.

"Our Egyptian friends report that crop news is good but that the demand for the staple by the trade, is insatiable."

Yours, very truly,
"H. & H. Co."

CAROLINA BUILDING AT JAMESTOWN.

North Carolinians who visit the Jamestown Exposition which opens in February on that historic ground, will take special pride in the building to be erected by North Carolina. Work will, however, have to be rushed on it to have it completed for the opening of the big fair.

The North Carolina building will be of colonial design and will cost about $15,000. The first floor is to be divided into four spacious rooms with a central hall running through middle of the entire building. The whole first floor will be arranged so as to be thrown together by means of large sliding doors in the center. At the rear of the main hall large double stairways lead to the second floor with large landing space between. At the rear of the hall will be toilet and baggage rooms for the accommodation of the officers attending the Exposition. The second floor is divided into four spacious rooms, large hall, ladies' toilet, and trunk room. The front portico of the building is very wide and spacious, having a circular form at the entrance with large colonial columns, extending to the main balcony. The roof over the front porch surround three sides of the building and is so treated as to form a balcony over the entire porch, the entrance to which is from the second floor through large double doors.

The attic is to be a large dancing hall reached by double flights of stairs. Opening out from the attic is a large balcony having a terrace floor. The balcony is 25 x 30 feet. From this balcony it is said the best view of the water-front to be found in any building on the grounds is furnished. All the windows throughout the building will be polished plate glass with beveled plate in front and vestibule doors. The roofs are of shingles, stained. The finish in the main hall will be quartered North Carolina oak, while the remainder of the interior will be finished with North Carolina woods, such as pine, poplar, chestnut, gum and oak. The foundation of the building will be of concrete and brick. The building itself will be of wood. It will be fitted with modern sanitary plumbing and electric lights. The side of the building on the water front faces the government pier with Florida building on the left and Connecticutt building on the right. The Connecticut, Rhode Island and Pennsylvania buildings are now in process of erection.

All North Carolinians are expected to be visitors at their State building and it will be the meeting place for Tar Heels who take in the Exposition and want to get their crowd together after they shall have been scattered around seeing the sights.

The ladies generally will also be interested in the fact that the Norfolk branch of the Young Women's Christian Association of the United States will erect a $10,000 building on the Exposition grounds and will use it as a restaurant for the public and as a bureau of information. It will be fitted up attractively as a "rest" for patrons of the exposition and there will be no charge for this feature. It will be especially devoted to the interests of young women who go to the exposition and who need information and safety during their stay there. Everybody will recognize what an excellent idea is the plan of the Norfolk ladies.

THE DELINIATOR.

The Delineator for December is out and the number is altogether a charming one. It is beautifully illustrated and replete with the mid-winter fashions. In its literary, art, home science and domestic features, it is a magazine specially delightful to the home circle and is ever a welcome, entertaining and delightful visitor. The subscription price is $1 per annum and sells at 15 cents per copy. Address The Butterick Publishing Co., (Ltd) New York.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tacket, of Alliance, Ky., as a year of blood; which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astounding result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for Sore Lungs, Coughs and Colds, at R. R. Bellamy's drug store. Price 50c and $1.00. Trial bottle free.

CURRENT COMMENT.

—Prof. Catteral, of Cornell University, says Mr. Bryan's socialistic principles have been adopted under President Roosevelt as conservative doctrines. Another instance where the label makes all the difference in the world.—Washington Post.

—The president's friends were very abusive of Poultney Bigelow because he presumed to criticise conditions at Panama after a stay of only two days on the isthmus. The president is to be there only three days, much of which time is to be given up to receptions and the like, and yet he will attempt to tell us about it in his message. He is seeing, too, only after notice given for everybody to put the first foot foremost and sees then only what the officials want him to see.—Raleigh News and Observer.

—Isn't there a pointer in the story of how the girls employed to write addresses on Beecher's paper refused to let him buy a typewriter because it would "cut some of them out of work?" And yet here is the typewriter feeding and clothing more working girls than the old newspapers ever employed! In the same spirit a Chinese employer promised to decapitate any man who introduced labor-saving machinery lest it starve his people. And now look at the Chinese!—Jacksonville Times-Union.

—Resse Wiggles, who declared that he was the smallest man in the world, died at a retreat near Wilkesboro, Pa., Nov., 12th, aged fifty-three years. He was but thirty-seven inches tall, four inches shorter than Gen. Tom Thumb. Wiggles was born in Wales, and in his youth was exibited a great deal. He had stood on the same platform with Gen. Tom Thumb in Wales and was exibited alone in this country. His last appearance was at Bloomsburg fair, a short time ago. He has been looked after for the last twenty-five years by William H. Thomas, of Plymoth, his parents having died when he was quite young.—New York Sun.

"Indeed?" replied Miss Knox. "The 'something' wasn't your mirror, was it?"—Philadelphia Press.

—Well, I have not lived in vain. I saw Cocksure acknowledge today that he had made a mistake."

"How did that happen?"

"He put the lighted end of his cigar in his mouth."—Louisville Courier-Journal.

—A lady going from home for the day locked everything up carefully and for the grocer's benefit left a card on the back door: "All out. Don't leave anything," it read. On her return she found her house ransacked and all her choicest possessions gone. To the card on the door was added: "Thanks, we haven't left much."—Exchange.

WANTED

Every Man, Woman and Child in Wilmington

to call at our store for the greatest strength creator and health restorer which we have ever sold—Vinol. It is not a patent medicine, but the most valuable and delicious cod liver preparation without a drop of oil to nauseate and upset the stomach and retard its work.

We do not believe there is a person in this vicinity who cannot be benefited by Vinol at this season of the year. Vinol is delicious to the taste, and it is recognized as the greatest strength creator for old people, weak, sickly women and children, nursing mothers, and after a severe sickness.

Vinol is unequaled for hacking coughs, chronic colds, bronchitis and all throat and lung troubles. Creates an appetite and makes those who are too thin, fat, rosy and healthy.

We have had so much experience with Vinol and seen so many wonderful results from its use that we offer to return money without question if it does not accomplish all we claim for it.

Can anything be more fair than this? Try it on our guarantee. Robert R. Bellamy, Druggist.

Note—While we are sole agents for Vinol in Wilmington, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

Made Happy For Life.

Great happiness came into the home of S. C. Blair, school superintendent, at St. Alban's, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters; and I rejoice to say three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by R. R. Bellamy's drug store. Price 50c.

Might Have Qualified.

Not Irish, but delightful, is the story of the automobilist who, in making a cross country tour in Dakota, had the misfortune to have his machine break down. He saw a small house not far off and cut across to it. The only man about the place was a Swede, who was much amused by the sight of the strange rig the automobilist wore. "My friend," said the automobilist, "my machine has had a bad break, and I would like to know if you have such a thing as a monkey wrench about here." The Swede looked at the automobilist with greater curiosity than ever and then laughed. He had met some strange folks and heard some odd things since he had come to America, but this was the worst! "Monkey wranch?" he asked sarcastically. "I got a sheep ranch, and my Cousin Ole he got a cow ranch, and Meester Ferguson he ban have wan pig ranch, but I tank anuywan start monkey ranch in Nord Dakota ban wan fool!"—Success.

Sea Gulls Attack a Man.

A Danish sailor has had a narrow escape from meeting death from a flock of sea gulls. His ship, the Flandria, from Cronstadt to Copenhagen, was within fifty miles of her destination when he was washed overboard by a heavy sea. He was a powerful swimmer and, divesting himself of his clothing, prepared to make a stout battle for life. No sooner, however, had the man got clear of his garments than a great flock of sea gulls gathered around and began a fierce attack upon the intruder into their quiet domain, whom they pecked at remorselessly with their beaks. For six hours the man contrived to keep himself afloat, warding off his persecutors as best he could, one or two ships passing without noticing him. When at last a Russian steamer, the Elisa, took him on board his strength was utterly exhausted.—Newcastle Chronicle.

Not Doing a Thing.

"Yes, lady," said Hungry Higgins, "police persecution ruined me life. Why, when I wuz first arrested years ago I hadn't been doin' a blessed thing."

"Poor man," said the kind old lady, "here's a dime for you. And what charge did they trump up against you?"

"Vagrancy, ma'am."—Catholic Standard and Times.

Really Encouraging.

Friend—So you have been revisiting Somerville, after all these years. How is it getting along? Returned Native (enthusiastically)—Oh, Somerville is progressing splendidly. They have just built a fine new jail, the finest in the county, and they needed it too.—Life.

In a state pecuniary gain is not to be considered prosperity, but its prosperity will be found in righteousness.—Confucius.

TYNER'S DYSPEPSIA REMEDY.

Many Have Dyspepsia and Don't Know It.

Do you belch wind? Taste your food after eating? See specks before your eyes? Are you pale and haggard? Does your heart flutter? Are you dizzy? Do you have pains in your side or back? Risings on the skin? Are you low-spirited? Is there a sour taste? Breath bad? If so you have Dyspepsia, and it is a dangerous condition. Don't delay, but take Tyner's Dyspepsia Remedy. It is made for just such troubles and symptoms. Tyner's Dyspepsia Remedy removes acids from the stomach, strengthens weak stomachs, helps digest your food Sold by druggists 50c a bottle and in Wilmington, by J. Hicks Bunting Drug Company.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit innoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

BUTLER ITCHING TO BE SENATOR

Says it Will Happen in Ten Years—That Explains His Activity in North Carolina Politics—He Says So

(Raleigh News and Observer)

Washington, D. C., Nov. 14—A great many people have wondered why ex-Senator Marion Butler takes such a decided interest in North Carolina politics. He is supposed to be wallowing in wealth, and he must know that his re-entrance into the arena of State politics has had the effect of bringing to the surface a great deal of criticism that must be distasteful to him, to say the least. That Butler has a thick skin is apparent to most people else he would not knowingly provoke the character of comment that is addressed to him by the public men and press of the state. Expression of this kind of reasoning has been heard in many quarters. The people who engaged in this line of talk do not know thoroughly their subject, and it has remained for the former populist leader to furnish the motive. He is a candidate for the United States Senate and the authority for this statement is the Senator himself. He did not confide his ambitions to this correspondent but it comes to him through a United States Senator who obtained the information first hand.

In making this declaration Marion Butler said that he would be in the Senate as one of North Carolina's representatives in less than ten years. Of course he cannot succeed Senator Simmons, who will be the choice of a Democratic Legislature already chosen, and he has just about as much chance of becoming Senator Overman's successor. He professes to believe that the State is going Republican before many years, although there is not the slightest ground of justification for such optimism in the light of recent elections giving the Democracy a very remarkable victory for an off year. What he should have said is that he would be elected to the Senate should the Republicans carry the State. Of this there is not any reason for doubt. But the interesting feature about the North Carolina political situation is that Butler expects to again represent the State in the Senate, and that it is his avowed ambition which he has expressed to former colleagues. Herein lies one of the reasons for the activity of the former Populist leader in Tar Heel politics.

Shortage Discovered.

Salisbury, Nov. 13.—W. S. Gray, night money clerk for the Southern Express Company at Salisbury, was missed to-day, and simultaneous with his disappearance a shortage of more than $1,500 was discovered in the packages being handled by the company here. Gray skipped Sunday night at a late hour. It has been impossible to ascertain the exact amount of his shortage, but a number of packages known to contain about $1,500 are missing. District Superintendent O. M. Sadler, of the express company, was here to-day. He states that it is impossible to estimate the amount with which Gray absconded. The officers have made strenuous efforts to locate the defaulting clerk, but to no avail. It is not known in what direction he went. He came to Salisbury from Greensboro and was highly esteemed and trusted by the express company.

Girls are languid, nervous, suffer pain.
Women worry, can't do daily work.
Robust men have lame and aching backs
Old folks weak, rheumatic, lame.
Endure distressing urinary ills.
The cure for man, for woman or for child
Is the cause—the kidneys.
Doan's Kidney Pills cure sick kidneys.
Cure all the varied forms of kidney suffering.
Wilmington testimony guarantees every box.

J. T. Ebert, of 515 South Sixth street mattress maker, says: "I used Doan's Kidney Pills in my family. My little girl complained of severe pains in the small of her back, and the kidney secretions were dark and full of brick-dust sediment. We were very much worried about her and when I learned of Doan's Kidney Pills I went up to R. R. Bellamy's drug store and got a box and gave them to her. Since using them she has improved wonderfully and is a different child. Her kidney secretions cleared up, she does not complain of her back, and in fact Doan's Kidney Pills gave her new life. We are very much pleased with them and you can use my name and welcome.

OUR BUSINESS

This Season.

Has Been an Agreeable Surprise. to Us.

Considering the short cotton crops in the country, the low prices prevailing in the lumber market and the scarcity of money throughout the country, we were very much afraid that we would have a very large fall off in business this season which we did not feel that we could afford to accept.

We double our esolution, bought heavier in every department, made profits smaller and felt that we would make an effort to outdo any previous year.

The immense stock of goods that we carry, extra values we are offering with the additional help of the best kind, our sales now have run away ahead of last season.

We have hundreds of customers, but we want more.

In our store is arranged a splendid premium department that belongs directly to us.

These premiums are in charge of a young lady who keeps them in perfect order and redeems your stamp book or your punch card with pleasure.

We do not feel as if it is something given away. Simply this; we give you what others give us. We pay cash and get the discount and give it to you. Ask to see the premiums we have to give and we feel sure you will find it to your advantage to buy goods from us.

Compare our prices in any line and you will find them much less than those of our competitors.

In our millinery department we trim all hats we sell free and give and give you the lining and box extra.

Our cloak and fur department has been a wonderful success.

The sales girl in this department carries the blue ribbon of the town.

We think we sell as many cloaks as all the rest of the town put together. There are two reasons why we should do so, first; we carry the stock which makes it worth your while to examine before buying elsewhere. Second: our prices are not matched. If ladies are looking around to buy a cloak and get the prices first from other stores, e sell the cloak, and also the furs. This line is an elegant one. Our stock in furs runs as low as 98c each for fur collars. We are also offering clipped Cony Furs with nine tails in black at $2.25 and in brown at $2.98 which is the natural colors with no dye. The sable fox with two large tails we are showing at $5.50 and the double fox without the heads at $9.75. We have these in collarette shapes, with head and two tails hanging down the back and two whole foxes for the front. We have a full assortment in fur collars and muffs from $4 a set to $24 a set. Also a beautiful line of children's furs with collars and muffs to match, as low as $2.25 a set up to $8 a set.

Our fur department is stocked from the best houses in the United States and none of them are cheap, shoddy furs, but well made and in the latest and prettiest shapes. Examine our stock and it will surprise you to see how cheap they are.

The young ladies in the millinery department would be glad to have you see their line of hats, ribbons and velvets. They are very busy but we can take good care of you if you care to give us a trial. There is not a day passes that we do not receive new goods in this department. New hats direct from the factory, new velvets in all colors. We have a beautiful velvet at 75c a yard, a very good one at 50c a yard and up, a splendid assortment of ribbons at all prices. We are showing a real nice plaid ribbon at 10c, 15c, 19c and 25c a yard; No 100 Dreden ribbon at 10c and we handle a big line of fine ribbons width 200 which we sell for 19c, 25c and 35c a yard. Also a special line of black ribbon.

In our ladies' and children's underwear department you will find almost everything from the tiniest infant's wrapper up to the largest No. 9 vest made. To buy underwear we will ask you to see our line. We control the Mentor line for this city, also the Snug Fit line and we have a full assortment of woolen and cotton union suits and red and white flannel vests and pants.

Ask for stamps with every purchase and spend your money where you can get the best value.

MACADAM VERSUS A & Y.

Pender People Welcome Bridge as Better Means of Travel.

(Special Star Correspondence.)

Currie, N. C., Nov. 14.—I see through your paper that the commissioners of New Hanover and Pender counties held a joint meeting yesterday at Castle Haynes and some time in the near future will build a steel bridge across Northeast river. I think that it will meet with the approval of a majority of our citizens in this county and especially on or near the line of the A. & Y. railroad, the schedule of which is worse for the people than it was when the road was first built. The New Hanover Board of Commissioners have macadamized the road from Wilmington to Castle Haynes and from Castle Haynes through Pender county to Harrel's store, with a few exceptions, there is a hard road. The farmers of our county can haul their produce to your city and sell it and return home much sooner than they can at the present time.

NEGRO KILLED LAST NIGHT.

Helper on Atlantic Coast Line Yards Fearfully Mashed.

A negro whose name could not be learned, a helper about the Atlantic Coast Line yards, was almost instantly killed this morning between 12 and 1 o'clock near Ninth and Brunswick streets. It seems that the negro was riding on the rear of the tender of one of the road engines of the line and that about the location indicated the tender jumped the track and the negro was caught between that tnd some cars on the siding with the result that he was fearfully mashed. He died before physicians and the hospital ambulance could arrive. The derailment of the tender tore up the track to some extent but it was expected that the wreck could be cleared in time for the early morning trains to get out on time

Belt Line Nearing Completion.

The belt line around the city by the Atlantic Coast Line is nearing completion and will greatly facilitate the handling of freight along the water front. Arrangements are being made with the Consolidated Company as to a satisfactory crossing of the suburban line just beyond Delgado.

GREAT RELIGIOUS MOVEMENT.

Vice President Fairbanks and Bryan Prominent Figures.

(By Cable to The Morning Star.)

Indianapolis, Nov. 14.—One thousand delegates and half as many more visitors were present to-day at the opening business meeting of the convention called to organize into one body the men of the Presbyterian Church. Every State was represented The Cumberland Presbyterian Church, the Presbyterian Church South, the Brotherhood of Andrew and Phillip, the Brotherhood of St. Andrew, the United Presbyterian Men's League, the Methodist Episcopal Brotherhood of St. Paul and Wesley and the Men's Guild of Scotland sent delegates to extend fraternal greetings to the new organization which is to be called the "Presbyterian Brotherhood."

Vice President Charles W. Fairbanks addressed the convention, emphasizing the importance of the proposed work and its future effect. He congratulated the delegates upon their participaltion in the creation of such a vast organization with such almost infiinite possibilities for good.

Dr. B. B. Bigger, of Massilion, O., reviewed the formative work preceding the calling of the convention. An outline for a constitution was suggested and discussed and committees named.

Fraternal greetings were extended by Dr. W. H. Pheeley, secretary of the brotherhood of Andrew and Phillip, John Henry Smale, of Chicago, representing the brotherhood of St. Andrew, Dr. A. L. Phillips of Richmond, Va., representing the Brotherhood of the Presbyterian Church, South, McKenzie Cleland, of Chicago, representing the United Presbyterian Men's League, and Bishop John H. Vincent, of the Brotherhoods of St. Paul and Wesley in the Methodist Church.

John H. Converse, of Philadelphia, presided at the night session. When W. J. Bryan stepped to the platform nearly every one in the hall rose and waved handkerchiefs and hats for several minutes.

Mr. Bryan said he was glad to be a delegate to the First Presbyterian Brotherhood Convention and he rejoiced especially that there was no contesting delegate. He said it had not always been so with him in the past. The speaker said he began church life as a member of the Cumberland Presbyterian Church when 14 years old. Mr. Bryan was greeted with another outburst of applause when he declared that comparing the time he had been in the Cumberland Church with that he had been in the other branch "this ratio appeared to be all right." The speaker declared there was no real morality without religion.

"Tolstoi defined religion," said Mr. Bryan "as the relation between man and his God, and this is one of the best definitions I have been able to find."

CAN'T STAND FOR EACHOTHER

Senator and Mrs. Platt Have Agreed to Separate.

By Wire to the Morning Star.

New York, Nov. 14.—Senator Thos. C. Platt and his wife, formerly Mrs. Lillian T. Janeway, have agreed to separate. The law firm of Marsh, Winslow & Weaver, acting for Mrs. Platt, made the announcement today. The deed was signed by both but not in the presence of each other, and is as follows:

"Owing to unhappy differences between them, the undersigned have this day executed a deed of separation. While making such announcement we wish to assert with all possible emphasis the falsity of the scandalous articles which have lately appeared in the public prints. While there have been a series of differences and disputes which seem to make a separation advisable, there has been no conduct upon the part of either which could possibly be the foundation of a divorce action. No question of the infidelity of either to the other has ever been raised. Statements which have charged violent and disgraceful scenes between us are absolutely false.

(Signed)
"T. C. PLATT,
"LILLIAN T. PLATT."

WEALTH OF UNITED STATES.

Tremendous Increase of Values Since 1890.

(By Wire to The Morning Star.)

Washington, Nov. 14.—The United States census bureau to-day estimated the total wealth of the country in 1904 to be $106,881,415,009. This shows an increase in wealth over the estimates for 1900 of nearly 20 per cent. and of 64 per cent over the estimate for 1890, when the total wealth was $65,037,091,197.

In 1904 the value of the real property taxed was $55,607,719,435; real property not taxed $6,569,527,174. Livestock $4,073,791,736; railroads and their equipments $11,244,752,000; materials and products of manufacture $7,409,286,000; furniture, carriages, etc $5,700,000,000; manufacturing machinery, etc., $3,297,754,180; gold and silver coin and bullion $2,002,523,272; clothing $2,500,000.000.

Converted into one dollar bills placen end to end, the string would be long enough to reach from the earth to the moon and back three times.

PASSING OF THE LION.

Once Mighty Brute Losing Ground Before Civilization.

The lion, like the other great cats, is a relic of a diminishing race and dominion. In the early stone age the "cave" lion roamed throughout the southern half of Europe, and it is believed that along the Mediterranean, at least, its extinction was due to prehistoric man.

The battle has gone on ever since. Long ago lions were exterminated from Afghanistan, Baluchistan, and northern Persia. A century ago they were more or less prevalent on northwestern India, but now none remain save a few in the Gheer, a wooded hilly tract of Kattiawar, where they are "to some extent preserved by the nawabs of Joonaghoor;" Farsistan, where the marshes about Niris lake afford shelter and the hosts of pigs feeding on the acorns of the oak forests furnish subsistence.

Similar conditions enable a few lions to maintain themselves along the lower Euphrates and Tigris, but they were long ago exterminated from all Asia Minor, Syria, Arabia, Egypt and Algeria. From Abyssinia and the southern Sahara southward to the Orange river lions still exist except in the most populous districts, and in some places are very numerous.

There seems never to have been more than one species, nor, in spite of the former belief in the "maneless lions of Guzerat" and the "black maned" ones of other places, is any variety well localized. Lions with full manes have been shot in India as well as those with hardly any, and "out of fifty male lion skins scarcely two will be found alike in color and length of mane."—Ernest Ingersoll's "Life of Mammals."

THE FLAG REVERSED.

A Fisherman's Emblem That Tells of Distress and Hope.

One of the frequent sights in the ports along the eastern coast is that of a fishing schooner coming into the harbor with an American flag hoisted at the mainmast head in its reverse position. To the interested spectators that flag always brings a pang of distress, for it means that one or more of the crew are "missing" through some calamity of the sea. But to the members of the craft itself the signal is not always an emblem of woe. The flag is hoisted, from their viewpoint, to notify those concerned that the complement of the ship is not full, and they live on hope for a long time before they acknowledge that the men who have disappeared are really lost.

A stranger to seafaring ways asked the skipper of one of these fishing schooners the other day what the distress signal meant, and he was set right by the captain, who remarked in the most cheerful way in the world:

"They're missing out of th' crew, of course, but we haven't given them up by a long sight. Ye see, they may have been picked up by some other boat an' carried off to th' other side. Oh, no, we don't give them up just because we've missed them! It's more than likely they'll turn up yet."—New York Press.

Elephant Power.

How many men would be needed to pull a weight hauled by an elephant? Fifty. The answer is the result of recent investigations made to determine the respective pulling power of horses, men and elephants. Two horses, weighing 1,600 pounds each, together pulled 3,750 pounds, or 550 pounds more than their combined weight. One elephant, weighing 12,000 pounds, pulled 8,750 pounds, or 3,250 pounds less than his weight. Fifty men, aggregating about 7,500 pounds in weight, pulled 8,750 pounds, or just as much as the single elephant. But, like the horses, they pulled more than their own weight. One hundred men pulled 12,000 pounds.

Proverbs of Assam.

Here are some rather clever proverbs of Assam: "The best crops grow on others' fields, but the best sons are at home." "A bird is a little thing, but it builds its nest on a lofty hulung tree." "Buy land which slopes to the middle, and marry a girl who has a good mother." "The biggest jack fruit always hides under the leaves." "If a man slips down it is always his eldest wife's fault, but if his youngest wife makes a mistake he says he will see about it." "A hasty cook, a hasty broom, and the husband goes fasting; a slow cook, a slow broom, and the husband eats three meals a day."

Mexican Cacti.

Mexico has a cactus which grows toothpicks; another, ribbed and thickly set with toothpick spines, which furnishes the natives with combs. There is another cactus, the long curved spines of which resemble fish hooks. There is another which is an almost perfect imitation of the sea urchin. Still another resembles a porcupine. There is another covered with long red hair which is nicknamed the "red headed cactus."

More of Him.

Miss Mugley—The idea of his calling me homely. I may not be very pretty, but I'm certainly not as homely as he is. Miss Pert—No, dear, but that's simply because he's bigger than you.—Philadelphia Ledger.

He Went.

"Like most men," he said, "I have my shortcomings, I suppose, but"—

"Oh, it isn't your shortcomings father objects to!" interrupted the girl. "It's your long stayings."

His Fatal Blunder.

"Why did you think he had been drinking? He didn't show it."

"Not until he went out of his way to prove that he hadn't."—Philadelphia Press.

A Shoe that Doubles a woman's Capacity for work or pleasure

A stylish shoe that's absolutely comfortable

No. 66, Red Cross Glazed Kid Lace, $3.50

In the ordinary shoe, at every step, the sole of the shoe rubs the ball of the foot. Thousands of rubs a day!

This continual rubbing draws the feet, makes them burn, throb, ache. The constant strain tortures the nerves of the feet and they in turn tire out the whole system.

The Red Cross Shoe saves a woman's strength, because it removes this strain. The sole of the Red Cross Shoe is *flexible.*

"It bends with the foot"

Oxfords, $3.50 and $3.00

SPIRITS TURPENTINE

—In Orange county on Sunday, seven miles from Durham, revenue officers captured two moonshine stills.

—Sunday night at Greenville, a burglar entered the residence of Mr. L. H. Rountree and robbed him of $16.50 in money.

—Kenansville Eastern Carolina News: In all sections of the county large fields of cotton can be seen as white as snow. These fields have not been picked over a single time this season, and the cotton is, of course damaged. One reason for this is that so many of the negroes will not work in the fields at any price. Monkeys to pick the cotton will have to be imported next year.

—The condition of Mr. L. Banks Holt, wounded in the face by the negro burglar Walker, Tuesday night of last week at Graham, countinues to improve. Mr. Holt, rested well Sunday and Monday and the report from his bedside is that he is feeling good over his rapid recovery. His physician and the family are all feeling that there is no danger to him now.

—Florence Siewers, colored, was badly burned in Salem Tuesday morning. She was building a fire and mistook a can of gasolene for kerosene. When the gasolene was applied the blaze ran into the can and an explosion followed, igniting her clothes. She ran screaming into the hall. Mrs. Fred Hege, ran to the colored woman's assistance, throwing a lap robe around her. The burns are serious.

—Durham, Nov. 13.—Yesterday Justice of the Peace D. C. Gunter officiated in the marriage of Mr. Robert Solomon and Miss Allie Teasley, of Orange county, it being a runaway affair. The age of the bride was given as 17 years and accompanying the application for the license there was the written consent of the mother of the young woman. To-day the mother was in Durham and says the written consent was a forgery. She says she will bring suit.

—Raleigh News and Observer, Nov. 14.—Elizabeth Pettiford, a colored woman living on Wake street, between Davie and Martin, not far from the Federal cemetery, is now 100 years old. She says she remembers when her father went as a drummer boy to the war of 1812 and that she was six years old. Her mind is quite clear and her speech distinct. She still has a very strong voice and is very fond of singing hymns, which can be heard quite a long distance.

—Kenansville Eastern Carolina News: Fred Reed, a negro who struck one Ed Graham, a negro, on the head with an ax on August 4, from which wounds Graham died, will be brought in at this term of court for murder. Reed ran away, but Sheriff Middleton succeeded in capturing him and he is now in Goldsboro jail. Reed and Graham were working for the Cape Fear Lumber Company, near Mount Olive when the murder was committed. Strong testimony against Reed was given at the coroner's inquest by several witnesses.

—It is reported from the Reems Creeks section of Buncombe county that snow fell "shoe mouth" deep Sunday. In Asheville snow fell much of the day though little remains on the ground. For several hours Asheville was in the throes of a blizzard. The thermometer went down to 26 while north wind prevailed all day. Snow fell Sunday night at Waynesville and it snowed all day Monday. A great many are blue and show anxiety over the situation, there being no coal in town. It seems that the town will have to go into the confiscating business.

—Washington special to Raleigh News and Observer, Nov. 12.—Representative Blackburn is here preparing his contest for the seat in the Sixtieth Congress to which Hon. R. N. Hackett was elected. He is not talking to newspaper men, but it is understood that he contends that he would have received a majority of a thousand but for the votes of electors who failed to pay their poll tax. Mr. Blackburn has not yet engaged counsel. He is pinning his faith for this seat in the next Congress to Speaker Cannon, Chairman Sherman, of the Republican Congressional Campaign committee and other Republican leaders whose friendship he enjoys. This is the real obstacle that Mr. Hackett will have to fight in combating the contest.

—On Monday afternoon a man named Simeon Bullock, who lived in the Eastern part of Orange county, met his father-in-law, Wiley Simms, with whom he had been on bad terms for some time, and after passing him, wheeled and shot him from the side and back with a shotgun. The shot were probed for and many were extracted. Simms may recover. Bullock made his escape and is still at large. He is about six feet one inch high, has a mustache turning gray, walks erect and usually wears a Prince Albert coat. He has a stiff thumb on his left hand. Any information as to his whereabouts will be appreciated by the sheriff of Orange county at Hillsboro. The sheriff of the county has written to Gov. Glenn, asking that a reward of $50 be offered for Bullock's capture.

Had a Close Call.

"A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Stickel, of Miletus, W. Va. "Persistent use of the Salve completely cured it." Cures Cuts, Burns and Injuries. 25c at R. R. Bellamy, druggist.

Mrs. Winslow's Soothing Syrup has been used for over 60 years by millions of mothers for their children while teething, with perfect success. (Only Highest Grade Materials Used.
The Wilson Heater will produce more heat from a unit of fuel, and keep your home at a more even temperature, with little or no trouble, and fewer ashes than any other heater made.
There is no Noxious Gas, Offensive Smoke or Cold Floor Draft where the Wilson Coal Heater is used.
Holds fire 36 hours or longer. The combustation is perfect—the heat does not go up the chimney. Burns every particle of the coal; does not make clinkers and leaves very little ash. Other stoves look much like the Wilson, but—that's all. None of them work like the Wilson and none are so good.

IT'S IN THE DRAFT.
The secret of the fuel-saving qualities of this Buck's hot blast heater lies in the draft construction. It is so made as to allow large quantities of heated air to pass over the upper surface of the burning coal, thus supplying oxygen to the rising gasses, which are then converted into heating power.
Simple, isn't it? And yet it's new principle in stove building—not to be found elsewhere.
This stove will reduce your coal bill nearly one-third.
Let us tell your of its many advantages.

THE COTTON MARKET.

NEW YORK, Nov., 14.—The cotton market was more active today and ruled generally firm with the close very steady at a net advance of 19 to 36 points. Sales for the day were estimated at 400,000 bales. The market opened firm at an advance of 6 to 19 points on covering of shorts and in response to bullish cables from Liverpool. After increasing the gain slightly there was a reaction of about 10 to 15 points under heavy realizing but there was good buying by southern people at the decline, also support from spot interests, and the market advanced again on the reports of a very firm southern spot situation, unsettled weather in the eastern belt and smaller estimates for tomorrow's receipts at Houston. This second advance carried December and January up to about 10.02 and 10.03 two months selling on practically even terms, while March sold at 10.19. There was a renewal of realization and bear pressure around these figures, but after a reaction of 10 to 12 points the market was again rallied by the demand from spot people and March closed at 10.14 with the general list only 4 to 5 points down from the best.

Receipts at the ports today 61,101 bales against 71,467 last week and 59,697 last year. For the week 410,000 bales against 422,845 last week and 391,919 last year. Today's receipts at New Orleans 21,125 bales against 18,548 last year and at Houston 13,962 bales against 10,741 last year.

Spot cotton closed steady 30 points advance; middling uplands 10.70; middling gulf 10.95; sales 900 bales.

HINDOO ACROBATS.

They Perform Wonderful Feats of Balancing and Juggling.

There is always an abundant supply of stories of the expertness of Hindoo jugglers and acrobats. One who moves about perched upon a single long stick is remarkably clever. This performer is mounted on a bamboo pole about fifteen feet high, the top of which is tied to a girdle around his waist. A small cushion is fastened a few feet down the pole, which acts as a leg rest. The acrobat hops around a large space in the liveliest way, uttering cheerful shouts and accompanied by the tapping of a curious drum. He also executes a sort of dance and goes through a little pantomime. It is a marvelous feat of equilibrium. To walk on a pair of stilts as high as this would be a performance worthy of comment, but to hop around on one is quite another thing.

The same man can do many other wonderful things. He appears absolutely perfect in the art of balancing. He can balance a very light stick on his nose and a heavy one on his chin and then throw the heavy one into the air and catch it on the end of the light one. When balancing these two sticks, end on end, he will make one revolve in one direction and the other the reverse. He puts one hand on a flat, circular stone, throws his feet up into the air and balances a stick on each of them. At the same time he revolves rapidly on the pivot formed by his arm and the stone.

THE MAHOGANY TREE.

It Frequently Springs From the Crevices of Great Rocks.

The tree which produces that beautiful and well known wood, mahogany, is one of the most elegant, if not the largest, of the country in which it is found and frequently grows in the crevices of rocks. The appearance of so large a vegetable production in such a situation is extremely curious and picturesque and is to be accounted for from the construction of the seed, which is like that of the thistle, winged, or capable of being borne along by the action of the air and in that manner deposited in holes and fissures in the rocks, where it speedily vegetates and springs up. As long as the plant remains young the place in which it is found is sufficiently large for its growth, but as it increases in size the roots gradually but irresistibly force asunder the walls of their rocky prisons and throw off large portions of stone.

It is not always, however, found in these situations, the largest timber being produced in some of the flat and marshy spots on the coast of America. Such is the Honduras mahogany, which is much looser in texture and of less value than that from the mountainous districts of Cuba and Haiti. This last kind is known in commerce as Spanish mahogany and is chiefly purchased for the purpose of being cut into veneers. —New York Herald.

ROCK CLIFF LITHIA SPRINGS WATER.

READ WHAT ONE OF THE MOST NOTED CITIZENS OF SOUTH CAROLINA HAS TO SAY OF THE FAMOUS ROCK CLIFF SPRINGS WATER.

Spartanburg, S. C., July 24.

To Rock Cliff Lithia Springs Co.:

Gentlemen:—This will certify that I was severely afflicted with a serious case of erysipelas, that confined me to my bed for about six months or more, with daily attendance of my physician, and which eventually settled in my left leg and became so severe that a consultation of three physicians was held and the decision reached that the lower part of my leg would have to be amputated to prevent the disease extending to the upper part of my leg and body. I declined the operation and was advised to try Rock Cliff Lithia Springs Water. I engaged board near the spring and was advised to bathe my leg in the water, at the same time drinking freely.

This application soon soothed the pain, and for the first time in months previous I slept for about two hours. After a week's treatment, without any medicine or physician's help, I walked to the spring on crutches. I continued the treatment daily, and within two weeks was able to walk to the spring without crutches and in four weeks was able to walk home, a distance of 1½ miles, and resume my official business.

I was permanently cured by the use of the water, and take great pleasure in giving you this testimonial to the efficiency of the Rock Cliff Springs Water in the treatment of erysipelas.

THE CASTELLANE DIVORCE SUIT

Paris Court Grants AbouluteSeparation and Gives Her Custody of Children.

SHE IS NO LONGER COUNTESS

Will Hereafter be Known as Madame Gould—She Will Provide Money To Take Care of Children's Father.

(By Cable to The Morning Star.)

Paris, Nov., 14.—The Tribunal of First Instance of the Seine, Judge Ditte presiding, at noon today granted a divorce to the Countess De Castellane (formerly Anna Gould, of New York) and gave her the custody of her children, who, however, will not be allowed to be taken from France without the consent of their father, Count Boni De Castellane.

Madame Gould, as the former Countess De Castellane will hereafter be known, her title having ceased with the granting of the divorce, expressed the greatest satisfaction when she received the news at her residence, on the Avenue Malakoff. Miss Helen Gould, who will remain here until after Christmas, was with her at the time. Madame Gould has no present intention of leaving Paris.

Although the court denied the Count's application for an annuity there is the best ground for the statement that Madame Gould will make a liberal allowance to the father of her children. Further, it is again stated that so far as the creditors are concerned the Countess will settle all the legitimate bills for household expenses, but she will continue to resist to the utmost the payment of money owed to usuers, under whatever disguise and borrowed by the Count for his own purposes and without her consent.

GRAFT IN SAN FRANCISCO.

One Million Dollars of Earthquake Contributions Taken by Grafters.

San Francisco, Cal., Nov., 14.—The Chronicle says today: A new investigation is progressing in the course of developments in the local graft scandal. It now appears that many sums of money, large and small, that were sent from different states to San Francisco for the relief of the sufferers from the calamity never reached the relief committee. Some of these amounts which aggregated a large sum, were mailed to Mayor Schmitz. F. J. Henri, Detective William Burns, and about 100 government agents have been making an investigation.

President Roosevelt is the moving spirit behind the inquiry and he declares that no man guilty of diverting the relief funds shall escape justice.

It is said that in the aggrefate the stealings will amount to a million dollars.

BIG NAVAL STORES COMBINE.

S. P. Shotter Company and the Patterson-Downing Company Taken Over

Savannah, Ga., Nov., 14.—Announcement was made here today of the retirement from business of the S. P. Shotter Company and the Patterson-Downing Company, two of the leading naval stores export houses, on November 30, when the business and properties of the two companies will be purchased by the American Naval Stores Company which was recently chartered in West Virginia.

S. P. Shotter, of Savannah, will be chairman of the board of directors of the new company whose principal offices will be in Savannah. E. S. Nash, president of the Patterson-Downing Company, will be president; J. F. C. Myser will be vice president and C. J. DeLoache will be secretary.

The company will be organized with a capital and surplus of $1,750,000.

THE GOVERNMENT AT JAMESTOWN

Plans for $46,300 Monument Approved and Contract for Its Erection Awarded.

THE REPUBLIC'S EXHIBITS

Contract for Big Building to Be Awarded November 21—Exposition Company Now Entitled to $50,00 Appropriation.

(By Wire to The Morning Star.)

Washington, D. C., November 14.—A meeting of the Jamestown Tercentennial Commision was held in the office of the Secretary of the Treasury today. There were present Secretary Shaw, chairman of the commission; Secretary Bonaparte, of the Navy, Assistant Secretary Edwards, of the Treasury, Secretary of the Commission, and also W. M. Geddes, assistant secretary of the commission, and J. Knoz Taylor, supervising architect of the Treasury Department.

The deed for the site for the permanent monument on Jamestown Island to commemorate the first English speaking settlement on the Western Hemisphere, was accepted by the Commission. Plans of the monument, approved by the President were adopted and the supervising architect directed to enter into contract with the Norcross Brothers Company, of Worcester, Mass., in the amount of $46,300, the work to be completed by May 1st, 1907.

The completed plans for the building for the government exhibit were approved, and bids for the construction of the same are to be opened November 21st.

Report was made that the Jamestown Exposition Company had expended the necessary $500,000 appointed by Congress.

The allotment of space in the government buildings made to the various departments was approved as follows: State 1,700 square feet; Treasury 6,500; Justice 1,200; Interior 6,700; Agricultural 600; Library of Congress 1,200; Bureau of American Republics 1,500; Postoffice 6,500; War Department 1,000; Navy Department 12,000; Commerce and Labor 6,000; Smithsonian Institution and National Museum 6,000.

The plans of W. Sidney Pittman, a Washington architect, were approved for the negro exhibit and entertainment building for which $30,000 of the $100,000 appropriated by Congress was set aside. The construction of the building and preparation of the exhibit are to be under the supervision of the Negro Development and Exposition Company.

PARKER COUNSEL FOR TRUST.

Second Trial of New York Central For Granting Rebates.

(By Wire to The Morning Star.)

New York, Nov. 14.—The second trial of the New York Central and Hudson River Railroad Company, charged with violation of the Elkins anti-trust law, was begun in the United Circuit Court to-day.

Assistant United States District Attorney Henry A. Wise, addressing the jury, said that the government would show that the New York Central entered into an arrangement with the so-called sugar trust in 1902, to ship sugar west for the trust at six cents less per hundred pounds than the tariff rate. Over 70,000,000 pounds of sugar was shipped under the agreement, Mr. Wise said:

"The government also would show that just after the passage of the Elkins act, the defendant returned to the sugar trust as rebates, but in the form of demurrage charges, the sum of $26,000."

During the examination of several important witnesses it developed that the defense has admitted in a signed stipulation that the company paid $26,000 to the sugar company in the form of demurrage charges. This is practically an admission on the part of the defense of all the charges except that the $26,000 was paid as rebates.

It was said in the Federal building that the counsel of the American Sugar Refining Company, which is to be placed on trial for the acceptance of the rebates at the conclusion of the present trial, is to be headed by Alton B. Parker.

The defense will call no witnesses but base its argument upon the plea that the overt acts alleged in the indictments do not come within the meaning of the Elkins law and that this plea would likewise be raised in defense of the American Sugar Refining Company, which is charged with accepting the rebates specifically cited in the case.

On allegation of counsel for the defense that Alexander R. Chisolm, formerly teller of the First National Bank, of Birmingham, Ala., who defrauded for $100,000, is insane and mentally incapable of appearing in court for trial, the proceedings in the case of the government in the case against Chisolm in the United States court at Birmingham were yesterday postponed until it could be decided whether Chisolm was insane.

MR. ROOSEVELT ON THE ISTHMUS

Battleship Louisiana With President and Party Arrived Ahead of Time.

HEARTY WELCOME FOR TEDDY

Ship Arrived at 1:30 P. M. and at 4:30 President Amador and Chairman Shonts Paid Their Respects Anarchists Watched.

(By Cable to The Morning Star.)

Colon, Nov. 14.—The first trip of an American President outside of the boundaries of the United States was successfully concluded this afternoon at 1:30 o'clock when the battleship Louisiana, having on board President Roosevelt and his party, dropped anchor in the barbor of Colon. The Louisiana, which arrived ahead of schedule time, was convoyed by the cruisers Tennessee and Washington. The three vessels anchored about a mile from the dock during a heavy rain fall.

Owing to the fact that the Louisiana arrived ahead of time, neither President Amador, of Panama, nor Chairman Shonts of the Isthmian Canal Commission, was on hand to welcome Mr. Roosevelt. They left Panama at 4:30 p. m. in a special train for Colon and at 8:30 to-night boarded the Louisiana and extended a cordial greeting to America's Chief Executive. In President Amador's party, besides Mr. Shonts, were Chief Engineer Stevens and Executive Secretary Reed of the Commission, and Mr. Squiers, the American minister to Panama.

During the afternoon President Roosevelt received the local newspaper correspondents on board the Louisiana. He said that the voyage had been pleasant and uneventful, and expressed himself as gratified at the welcome which the citizens of the Isthmus are preparing for him when he lands to-morrow. He stated that he proposed to look into the Jamaican labor question and also intended to see everything possible concerning the canal.

Extensive precautions have been taken to protect President Roosevelt during his three days stay on the Isthmus and it is reported that a number of known anarchists have been arrested here or at Panama.

All steamers arriving at the Isthmus are inspected and suspicious characters have been imprisoned and will be held in custody until President Roosevelt departs.

President Roosevelt will begin his tour of inspection to-morrow and an extensive programme of official entertainments have been prepared.

GREATEST BATTLESHIP IN WORLD

Japan Launched Vessel Even Greater Than Dreadnaught.

(By Cable to The Morning Star.)

London, Nov., 14.—According to the Tokio correspondent of the Daily Telegraph, the Satsuma, the biggest battleship in the world, which is to be launched in Japan today, embodies all the lessons of the last war. The woodwork on board has been reduced to a minimum; she is fitted with elaborate fire apparatus and her upper works are kept as clean of top hamper as possible. Her details in the mails follow those of the British battleship Dreadnaught whose steaming capacity she is expected to exceed. The correspondent says there is every reason to believe that the British and Japanese admiralities exchanged plans and ideas previous to the construction of this warship.

LAWLESSNESS IN PITTSBURG.

Police and Detectives Still Unable to Stop Crime.

By Wire to The Morning Star.

Pittsburg, Nov. 14.—The reign of lawlessness in this vicinity continues and the police, detectives and private agencies are apparently still unable to stop the depredations which are almost hourly reported to them. Within the past 12 hours, the list shows a greater number than any like period since the epidemic began.

James Bowler, a young mechanic who was beaten and robbed by thugs last Saturday, died to-day from a fractured skull. This makes the third death as a result of a robbery and burglary within two weeks.

Peter McDonough, chief of police of North Braddock, a suburb, is in a serious condition from a stab wound inflicted by a negro last night. Chief McDonough attempted to arrest him as a suspicious person when the negro drew a large knife and cut the officer.

The reward of $5,000 offered by the city for the capture of the McMillen and Smith murderers was declared to be illegal to-day and was recalled.

Newspapers are attacking the detective bureau alleging that instead of protecting the public, the officers frequent theatres.
